### DEVELOPMENT TUCSON TO BUILD ITS OWN CITY HALL

Proposition Made by Sears to Give the  
City a Building Is Rejected; Fear  
Monopoly Scheme

Tucson, Ariz., June 6.—A proposal by Fred H. Sears and others to build a \$100,000 city hall to be given rent free to the city and to become the city's property at the end of 20 years, in exchange for the privilege of running a municipal market in conjunction with the city hall, was rejected at a meeting of business and other interested here. Mayor Huffman, speaking at the meeting, said he would veto any ordinance prepared in the interest of the Sears project. The objection was based on the allegation that Sears contemplated forming a monopoly on the local produce market.

The agitation, however, will likely result in a bond issue to build a substantial city hall and a municipal market. Mayor Huffman urged that if the people would signify such a desire to him within the next 30 days he would include the bond issue along with the issue of waterworks bonds.

The board of supervisors of Pima county is now in session to hear complaints against tax assessments under the new system of full value assessments on property. For the first time, there has been but one complaint. B. Rosenfeld, proprietor of a dry goods store, thought his stock should be assessed at \$15,000 instead of \$12,000. The board declined to make the reduction.

**Armory Fund Increased.**  
The city has decided to increase the fund for building an armory to \$20,000. The council has appropriated \$7000, and the state an equal amount, making \$14,000. The remaining \$6000 is to be raised by local subscriptions. It is intended to build a large auditorium for convention purposes along with the armory.

The building permits for May exceeded \$20,000, more than four times the amount of the permits for May, 1912. Indications are that building will be active all summer.

**At the Southern Pacific icing station here, 13,000,000 pounds of ice are now in storage, awaiting the moving of the 1600 car campaign to the Imperial valley of California. No estimate on the Salt River valley crop has yet been received. The station has been enlarged by the investment of \$10,000 in icing facilities, and between \$10,000 and \$15,000 more is to be invested this fall, according to the manager, H. Delno.**

### PROSPECTS BRIGHT FOR ELECTRIC LINE

Will Run From Clondroff Through Artesia and Hope to Roswell; Terminal at Roswell

Artesia, N. M., June 6.—Prospects are bright for an electric line between Clondroff and Roswell through Artesia and Hope. The capitalists who passed over the route have sent for photos and data and are preparing to start the line. The route follows the resources of the Pecos valley. They have the available funds and are prepared to push the project to its completion. It is claimed that Roswell has guaranteed a right of way through Chaves county with terminals.

The proposed line passes through Elk, Lower Pecos, Y-O crossing to Hope and thence to Artesia, a distance of 125 miles with a total of 150 miles to Roswell. The power will be furnished principally from the falls of the Pecos river between Elk and Lower Pecos. The power is owned by former state engineer Vernon L. Sullivan and William Benson, of Artesia, who are willing to dispose of it to the company.

### WATER DEVELOPMENT FOR LESLIE CANYON

Douglas, Ariz., June 6.—Leslie canyon, about 25 miles north of Douglas, is the scene of active development of water for an irrigation proposition which would serve to allow development of several thousand acres of land, if successful. An outfit belonging to Grant Bros. is now on the ground, doing preliminary work. A gasoline engine and pump have been installed and a test run made. The flow, with the result that about 300 gallons of water per minute or approximately 100 miners' inches of steady flow, has been developed. It is stated that the flow will be tested for some time in order to determine whether it is constant. If it is probable that a system of irrigation ditches will be constructed to water four sections.

While the right water right is in the name of Franklin R. Maxwell, it is declared that the company has the backing of L. C. Shattuck and other business capitalists. If a sufficient flow can not be developed by pumping to irrigate the tract under control of the company, a dam 40 feet in height and 150 feet long will be constructed. Test boring shows that this will not be difficult, as bedrock underlies at a depth of only eight feet.

### PRESCOTT MEN INVESTIGATE IDAHO IRRIGATION PROJECT

Prescott, Ariz., June 6.—To investigate the Hollister and Perrine irrigation projects in Idaho, Judge R. W. Wells, R. N. Fredericks, A. Hope and Malcolm A. Fraser, secretary of the Prescott chamber of commerce, have come to Twin Falls, Idaho.

They are accompanied by former senator J. R. Burton of Kansas, an officer in the Arizona Irrigation and Land company. That company is backed by the ones who made the Hollister and Perrine projects successful, and they intend to investigate the project to see if it is a reliable one. The project is a large one, and the company is a large one. The project is a large one, and the company is a large one.

### CONTRACT AWARDED FOR BUILDING IN CARRIZO

Carrizozo, N. M., June 6.—N. B. Taylor & Sons have let the contract for a handsome new brick building to be erected on the site where the old building stood on the corner of Main street and El Paso avenue. The structure will be one story, with about 100 feet of floor space, which they will occupy as soon as completed with a first class line of hardware and furniture.

### CONTRACT AWARDED FOR STOCK PHENIX BUILDING

Phoenix, Ariz., June 6.—F. M. Mognett has let a contract for the construction of a three-story brick building, costing \$70,000, a block east of the federal building. The first floor and basement will be leased for commercial purposes, while the two upper stories will be divided into offices.

### TO BUILD SCHOOL HOUSE FOR THE GILBERT DISTRICT

Mesa, Ariz., June 6.—M. Tull has been given the contract for constructing a new school in the Gilbert district. His bid was \$12,000.

### ROSWELL CLUBS TO CONSERVE THE FISH

Roswell, N. M., June 6.—Though they could control the "better fishing" conditions, the members of the three Roswell clubs—Country, Fish and Feather and the Lea Lake, are not disposed to do so, and the three clubs will enter into a movement to have all the ditches leading out of the river close to town properly screened, and as soon as this is done the government has promised a large shipment of young fish to stock the river.

### The DOCTOR'S ADVICE by Dr. Lewis Baker

The questions answered below are general in character; the symptoms or diseases are given and the answers will apply to any case of similar nature. Those wishing further advice free, may address Dr. Lewis Baker, College Bldg., College-Building Bldg., Dayton, O., enclosing self-addressed stamped envelope for reply. Full name and address must be given, but only initials or fictitious name will be used in my answers. The prescriptions can be filled at any well-stocked drug store. Any druggist can order of wholesaler.

"Elizabeth" writes: "Kindly publish again the prescription for stomach disorders and constipation. I have misplaced the letter giving the ingredients."

Answer: Go to your druggist and ask for tablets trioprepine and take according to directions, and you will soon be entirely cured of all stomach troubles and constipation. This is the best treatment known for all kinds of stomach trouble.

"Anna" says: "I am nervous, hysterical and very thin due to overwork. What can I take to regain my original vitality?"

Answer: You will gradually regain your original strength by using syrup of hypophosphites comp. 5 oz. Inquire codonene comp. 1 oz. Mix and take a teaspoonful before meals. This is the best system tonic that I know of.

Mrs. P. R. asks: "I am troubled with a large goitre and am very fleshy; so much so that I am uncomfortable. What do you advise me to do?"

Answer: Five-grain arbolene tablets should be taken regularly. If this is done your goitre and abnormal fat will gradually be reduced. These tablets are sold in sealed tubes, with full directions for home use.

"Edna T." writes: "I wish you would recommend a remedy for kidney and liver trouble. I have dark spots before my eyes, dizzy spells and also twinges of rheumatism."

Answer: I have received many letters from people who have used the following remedy and been cured of all trouble such as you mention. Get three grains sulphur tablets (not sulphur tablets), and take according to directions given. They are sold at any well-stocked drug store and are thoroughly reliable.

"Louise" writes: "Get the following prescription filled and give 10 to 15 drops in water before meals to cure your little boy of bed-wetting. Comfrey, fluid balmwort, 1 oz.; tincture rhusaromatic, 2 drams; and tincture cubeba, 1 dram. This should be given one hour before meals."

"Helen" writes: "My nostrils and throat are badly affected with catarrh and my breath is very offensive. I also suffer a great deal with headache and pain in my eyes. Can anything be done to help me?"

Answer: Antiseptic Viane powder has been prescribed with great success and the number of letters received daily from the hundreds of grateful people who have been cured of

and the fish cannot swim out and get lost. Years ago fishing was good not only on the North Spring river, but the South and the Berrendo river. Now the stock has practically been exhausted.

Frederic J. Haskins' "American Government" is the largest and best book on the "American Government" that has been published. It is a masterpiece of research and scholarship. It is a masterpiece of research and scholarship.

MUST PAY \$2 PENALTY  
FOR FAILURE TO ASSESS

The delinquent city tax rolls for this year are being made up, and those who do not pay their taxes by June 15, will be assessed \$2 an item additional.

### Diabetes No Longer Feared

Peculiar Action of a Remarkable Remedy in  
Controlling Liver Action.

There is no need to feel any alarm over the symptoms of diabetes. This disease is apt to be purely a digestive trouble, and for this reason the liver is held largely responsible. The liver is the largest organ of the body, and is not only a mass of thread-like blood vessels, but throughout its entire fabric is intimately associated with the digestive system.

The thing to do is to so stimulate the action of this myriad of blood vessels that each cellular part selects its own essential nutriment by healthy and judicious divine discretion. This is accomplished by S. S. S., the most potent, the most active and the most naturally stimulating blood medicine known. You do not need purgatives; do not be alarmed at the presence of sugar nor of so-called sediment.
